FINANCE LEASE

The perfect finance partnership

What is a Finance Lease?

A Finance Lease is one of the most straightforward financing options for a business when purchasing a new or used vehicle.

It transfers the risk of ownership to the customer without transferring legal ownership.

Toyota Fleet Management provides a fixed interest rate for terms between 12 and 60 months. A residual value is set in accordance with ATO guidelines for each asset class.

At the conclusion of the lease, the vehicle is returned. Toyota Fleet Management may extend the lease for a further term, or allow the customer to payout the lease and enter into a new lease agreement on another vehicle.

What are the benefits?

✓	Provides 100% financing at a known monthly cost
✓	No capital outlay is required, therefore cash flow is protected
✓	Fixed repayments make for easy future budgeting
✓	Fixed interest rates protect you against market fluctuations
✓	Lease rentals, normally fully tax deductible, are treated as lease amortisation and interest
✓	Residual risk remains with the Lessee. No excess kilometres apply
