Minilease

Convenient and hassle-free short-term rentals

At Toyota Fleet Management (TFM) we understand that, on occasion, you may require a vehicle to meet a specific short-term need without wanting to be locked into a long-term finance contract.

Which is exactly why we put arrangements in place with our rental vehicle partners. It means we can offer you a wide range of vehicles across Australia, at special discounted corporate rates.

How does it work?

A minilease vehicle can be arranged via your account management team. Simply contact your TFM representative with the dates, times, driver details and vehicle requirements and the rest will be taken care of. And best of all, there's no extra paperwork as costs will be charged to your existing TFM account.

Features:

- Nationwide coverage
- Preferential corporate rental rates
- Low insurance excess
- Consistent rate applied (not seasonal)
- Costs applied to your monthly invoice
- Access to a broad range of vehicles, including:
 - Passenger
 - Light commercial utes and vans

 - Mining-equipped vehicles.

Benefits:

- Quick and easy access to vehicles nationwide due to broad coverage
