Comprehensive motor vehicle insurance Streamline your fleet cover

toyotafleetmanagement.com.au

A comprehensive fleet insurance product

Our insurance solutions offers a large range of benefits at competitive premiums to give you and your driver's peace of mind.

At the heart of our insurance offering is lease payout protection, which where applicable, aims to cover the outstanding payout amount of your lease where your vehicle is declared a total loss.

All of this with the reassurance that our insurance products are underwritten by specialist motor fleet insurers.

One contact for your business needs

Take out comprehensive motor vehicle insurance with us, and you'll have just one point of contact for your insurance, lease and running costs, and without the hassle of dealing directly with multiple providers.

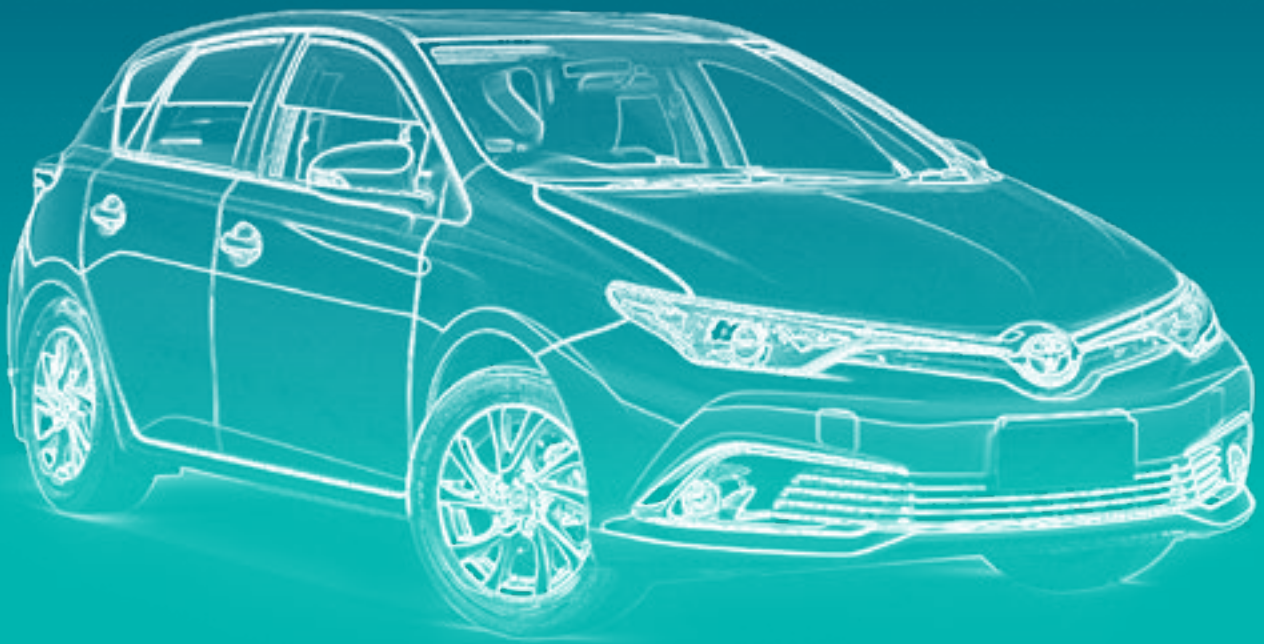

Your Toyota Fleet Management representative will be happy to talk to you about how one consolidated monthly invoice could help with budgeting and improve cash flow.

Call your TFM Relationship Manager today on
