Days Unavailable Declaration

An employee's Reportable Fringe Benefit amount can be reduced where the car is deemed to be unavailable for private use (as defined by legislation and ATO rulings) by an employee or their associate. Associates are broadly defined as spouse, partners, children or relatives.

Definition of Days Unavailable

An employee should only treat a day as unavailable for private use in the following circumstances:

1. You hold a vehicle and you are away from home and the vehicle is garaged on your employer's premises for greater than a full 24-hour period and you have handed the set of keys to your employer's authorised Key Custodian. The Key Custodian must not be authorised to use the vehicle for private purposes and is not to provide the keys to any other person during your absence.
2. The vehicle is in a vehicle repair shop for extensive repairs for a full 24-hour day and the vehicle repairer holds the keys. Evidence from the repairer will be required to confirm the total period for which the vehicle was unavailable for personal use.

The table below should be completed, signed and dated and attached to the Fringe Benefits Tax Declaration (which also must be signed) for the abovementioned vehicle. You should record the total of your Days Unavailable for private use calculated on this form in the "Days Unavailable Declaration" section on the Fringe Benefits Tax Declaration. If, after reading the guidance on this form, you have questions on Days Unavailable for private use, please contact your Company Fleet Manager for further information.

Date vehicle dropped off	Date vehicle collected	Number of Days Unavailable for private use	Key Custodian	Location of vehicle during this period
Total Number of Days Unavailable for private use				

By signing this document, the employee acknowledges that he or she has read and understood the definition above on what constitutes a Day Unavailable for private use and has only recorded days as unavailable for private use that fall within those rules.

I can confirm the above vehicle was unavailable for private use during the period stated and that the set of keys were left with the Employer.

It contains a checkbox to declare that the odometer reading for the abovementioned vehicle was recorded on a specific date, and a line for the employee's signature and date.

You will need to note your odometer reading on your motor vehicle once you have completed use of it on **31 March**. You will need to record this on the FBT Odometer Reading Declaration section of the document.

Days Unavailable Declaration

Whenever the vehicle is not available for personal use for more than a 24-hour period, in the circumstances set out below, you can claim for Days Unavailable which reduces the FBT Liability. **Days Unavailable DO NOT reduce the kilometres per annum, used to determine the FBT Statutory Rate**

Example of Days Unavailable

Your vehicle is being repaired for accident and you drop the vehicle off at the repairer on Monday 11 March and collect the vehicle on Friday 15 March. You will only be able to claim 3 Days Unavailable as you had use of the vehicle on the Monday and Friday. Tuesday, Wednesday and Thursday are the only whole days on which the vehicle was unavailable for full use.

You may claim Days Unavailable in the following circumstances:

Vehicle being repaired	Evidence from the repairer will be required to confirm the total period for which the vehicle was unavailable for personal use. The days on which the vehicle is dropped off and collected for repair are not claimable, as you have personal use of the motor vehicle.
Vehicle parked on employer premises	The vehicle is unavailable for private use and the set of keys have been left with the Key Custodian.

If you are claiming for **Days Unavailable**, you must complete the:
